

COMPARING ATTACK SURFACE MANAGEMENT VERSIONS

Paid Mandiant Advantage Threat Intelligence (MATI) registrations have access to a Freemium version of Mandiant Advantage Attack Surface Management (MA-ASM). The Freemium version provides a reduced feature set.

MA-ASM Freemium gives your organization access to a read-only Collection of your organization's external assets, giving you the perspective of your organization through the eyes of an attacker. This is a completely cost-free version of MA-ASM.

If you would like to upgrade to a more feature-rich account, [request a free trial of MA-ASM](https://www.mandiant.com/attack-surface-management-free-trial) (<https://www.mandiant.com/attack-surface-management-free-trial>). The MA-ASM free trial includes full MA-ASM functionality for 30 days.

Freemium	Paid
