

## UPDATE YOUR PASSWORD

### Update Password in Mandiant Security Validation (MSV)

1. Click **User > User Preferences**. The User Settings menu opens.
2. Enter your **Current Password**.
3. Enter a new **Password**.
4. Enter the password again in **Password confirmation**.
5. Click **Update Account Settings**.

Any changes to a user's password, whether done by an Admin or done by the user, is added to the audit log.

### Update Password in Mandiant Advantage Security Validation (MA-SV)

User administration in MA-SV, including resetting a password, is covered in [Manage Users in Mandiant Advantage](https://docs.mandiant.com/home/ma-manage-users-in-mandiant-advantage) (<https://docs.mandiant.com/home/ma-manage-users-in-mandiant-advantage>).
