

AUGUST 10, 2022 MANDIANT ADVANTAGE THREAT INTELLIGENCE RELEASE

New Versions

- Mandiant Advantage Digital Threat Monitoring (DTM) v1.57.6

New in this Release

- Added a card-style alert list to assist users in quickly navigating and understanding the context of an alert—with an option to switch back to table view if desired.
- Users now receive an email notification when a monitor is deactivated by the system due to misconfiguration and generates more than 500 alerts per day.
- Made the following UI updates/improvements:
 - Alert Preview modal
 - Monitor list
 - Alert Detail action list

Bug Fixes

- Fixed browser session cache issues.
- Resolved misrepresentation of operator values in the UI while editing a monitor.
