

PRODUCT UPDATE 5.10.2.2 - APRIL 5, 2023

The Mandiant Advantage Security Validation (MA-SV) team is pleased to announce version 5.10.2.2 of the MA-SV platform.

Bug Fixes

- Fixed an issue where some Mandiant Advantage users couldn't sign in to Ransomware Defense Validation (RDV)
- Fixed an issue where calls to the Actions API could affect other processes
- Fixed an issue that could cause errors with remote integration test queries
