

MARCH 7, 2024 ASM RELEASE

Enhanced Technology Definitions

The Mandiant Advantage Attack Surface Management (MA-ASM) Library now displays a streamlined list of fingerprinted technologies, eliminates duplicates, includes fingerprint counts, and offers updated documentation for better understanding and usability.

The screenshot displays the MA-ASM Library interface. The main heading is "3145 Technology Definitions". The table below lists various technologies with columns for Name, Vendor, Version, Fingerprints, and Labels. The left sidebar shows a navigation menu with categories like Issue Definitions, Technology Definitions, Task Definitions, Label, and Vendor, each with a count of items.
