

APRIL 30, 2024 MANDIANT ADVANTAGE THREAT INTELLIGENCE RELEASE

New Version

Digital Threat Monitoring (DTM) API v0.1.327

New in this Release

- The max number of monitors per organization is limited to 100. As needed, this quota can be overridden on a per organization basis.
- Users can bulk update alerts up to 10 times per hour.

Bug Fixes

- Certain documents no longer cause duplicate alerts.
- Alert buckets show the correct severity.
