

# OCTOBER 8, 2024 MANDIANT ADVANTAGE THREAT INTELLIGENCE RELEASE

## **New version**

Mandiant Advantage Threat Intelligence (MATI) v5.28.30

## **New in this release**

- Subscription Details pane for EOD and Intel-entitled clients provides a message telling the user that a migration is underway and where to see up-to-date subscription information.

## **Bug fixes**

- Fixed an issue where the Service Requests table pagination controls were not working.
- Fixed an issue where the Host Command table on the campaign timeline view breaks the layout horizontally.
- Fixed an issue where the Malware Explore page top widgets have incorrect padding.
- Fixed an issue where the Reports tab should have been disabled for Nautilus Security Operations users.
- Fixed an issue where the legacy notifications request was being called when the data is no longer being used.
