

NOVEMBER 11, 2024 MANDIANT ADVANTAGE THREAT INTELLIGENCE RELEASE

New version

Mandiant Advantage Threat Intelligence (MATI) 5.28.34.1

New in this release

- Added a placeholder for no recommendations in the Vulnerabilities tab.
- Removed the expand your scope message and added an empty state for the Added tab when nothing is added.
- Text change for Recommendations banner message in Customize.
- Users can now select and save any interest in Customize.
- When AI Recommendations are off, the default dropdown is Added.

Bug fixes

- Fixed an issue so the Customize Recommendations banner is disabled only when users select an industry or targetRegion.
- Fixed an issue where recommendations by most interests matched weren't being sorted correctly.
