

NOVEMBER 20, 2024 MANDIANT ADVANTAGE THREAT INTELLIGENCE RELEASE

New version

Mandiant Advantage Threat Intelligence (MATI) v5.28.39

New in this release

- Alert bucketing support is expanded for more alert types beyond compromised credentials.
- Added Alert Title and Similarity score columns to the alert bucket view table. These are displayed for bucket alerts that are not compromised credentials.
- Moved the Group Alerts setting from the filter section to the alerts list header.
- Removed the banner message from Intel Subscriptions card.
- Removed the EOD updates admin page and the associated button.

Bug fixes

- Fixed an issue where The Intel Subscriptions web interface wasn't showing units in the Expertise on Demand card.
- Fixed an issue where interests weren't copied from an existing Threat Profile to a duplicated one.
- Fixed an issue where customer admins couldn't see the Admin menu.
- Fixed an issue where the Admin table columns changed size.
