

DECEMBER 17, 2024 MANDIANT ADVANTAGE THREAT INTELLIGENCE RELEASE

New version

Digital Threat Monitoring (DTM) v1.165.0

New in this release

- Added support for the redirection of malwares from DTM to the Malware details page for more malwares.
- Made Standard view the default view when new users open DTM for the first time.
- Introduced AI to summarize DTM alerts to assist cyber threat intelligence analysts in understanding threats.
