

MAY 27, 2025 MANDIANT ADVANTAGE THREAT INTELLIGENCE RELEASE

New version

Mandiant Advantage Threat Intelligence (MATI) v.5.34.1

New in this release

- Users with migrated organizations do not have access to MATI. They are now presented with a page where they can sign in to GTI or sign in to another organization, if applicable.
- When users click on Manage, they go to the Manage Threat Profiles page with the relevant tab in view.

Bug fixes

- Fixed an issue where users could create EOD requests without having permission to do so. Added the proper validations.
- Fixed an issue where The Observed Threats link redirected to `/accountmanagement/threat-profiles`.
